**"Will 2020 Bring Plenty of Work
or Plenty of Woe?"**

Construction employment in the past year has boomed in Alabama even more than in the nation as a whole. Contractors remain confident they will stay busy in 2020

but are having trouble finding both hourly craft and salaried workers.

Will the good times keep rolling?

Or will a slowing economy and lack of workers choke off growth?

Ken Simonson, AGC of America's chief economist, will bring his crystal ball to Mobile for a preview of his expectations for 2020.
